PROFILE SUMMARY

- Experienced front-end developer with 1.4+ years of React expertise and a decade of IT background. Successfully launched multiple enterprise-level web applications with up to 40% performance improvements. Proficient in React, Redux, RESTful APIs, and Agile methodologies.

EXPERIENCE

Appinventiv Technologies Pvt. Ltd   **August 2024 - Present**
Software Engineer   *Noida, India*
- Built scalable UIs using React.js, improving page load speed and user engagement
- Collaborated with UI/UX teams to deliver pixel-perfect, responsive designs
- Architected state management solutions using Redux, reducing API calls
- Integrated front-end modules with RESTful APIs and back-end microservices
- Built simple Node.js APIs to understand backend development fundamentals.

KEY PROJECTS

YK Admin Dashboard | *React.js, Redux Toolkit, Thunk*   **September 2025**
- Developed the YKA Admin Dashboard using React.js with modular architecture, featuring service bookings, vehicle management, and role-based access.
- Implemented real-time data tables with advanced search, filters, and export functionality for seamless admin operations.
- **Live URL:** https://ykafrontendstag.appskeeper.in/

Agalia | *React.js, Redux*   **October 2025**
- Implemented multiple modules using React.js in the Agalia project, with role-based routing and custom charts
- Implemented dynamic filters, advanced search, and real-time APIs
- Developed secure access control logic based on user roles
- **Live URL:** https://facility.goagalia.com/

Henry – Real Estate Platform | *React.js, Microfrontend, Single-SPA, Redux*   **May-2025**
- Led frontend development for real estate platform facilitating property listing, sale, and purchase
- Architected micro-frontends using Single-SPA for independent build pipelines and team integration
- Achieved 85%+ test coverage with React Testing Library across five portals

EDUCATION

KR Mangalam University   **2022 – 2024**
MCA in Computer Application — SGPA: 8.3   *Gurugram, India*

CCS University   **2017 – 2020**
BCA in Computer Application — Percentage: 60   *Meerut, India*

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, Node.js, HTML5, CSS3
State Management: Redux
Testing: React Testing Library (RTL)
Architecture: Micro frontends, RESTful APIs
Tools: Git, GitHub, GitLab, Jira

ACHIEVEMENTS

- Developed an interactive dashboard for university data management and, enhancing accessibility for faculty.
- Top performer in Appinventiv's new hire training program
